Demo credentials:
professor@college.edu / demo12345
student@college.edu / demo12345

Step-2: You can see the current lecture in the dashboard. Just Click “Take Attendance”.

You can also use the “Quick Attendance” and select the Course you need to take attendance.

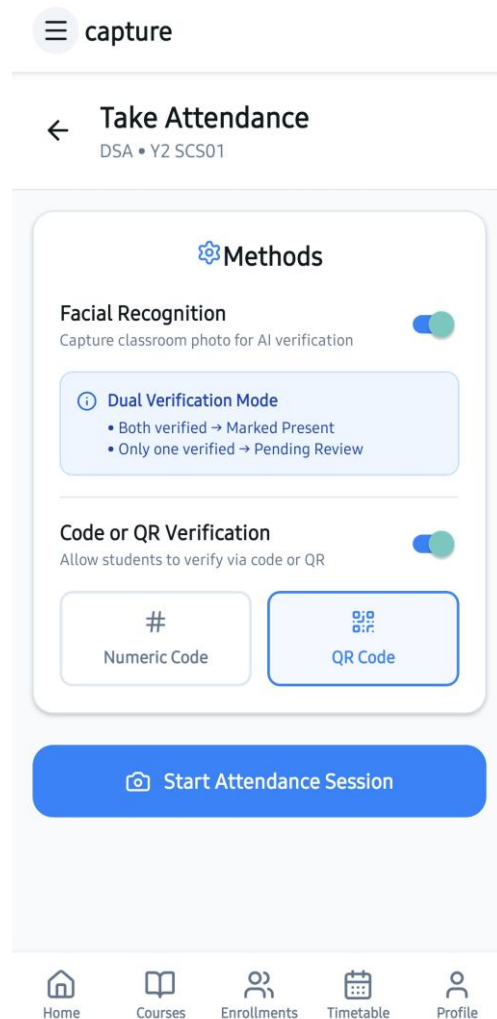

Step-3: Select the mode of attendance taking and Click “Start Attendance Session”

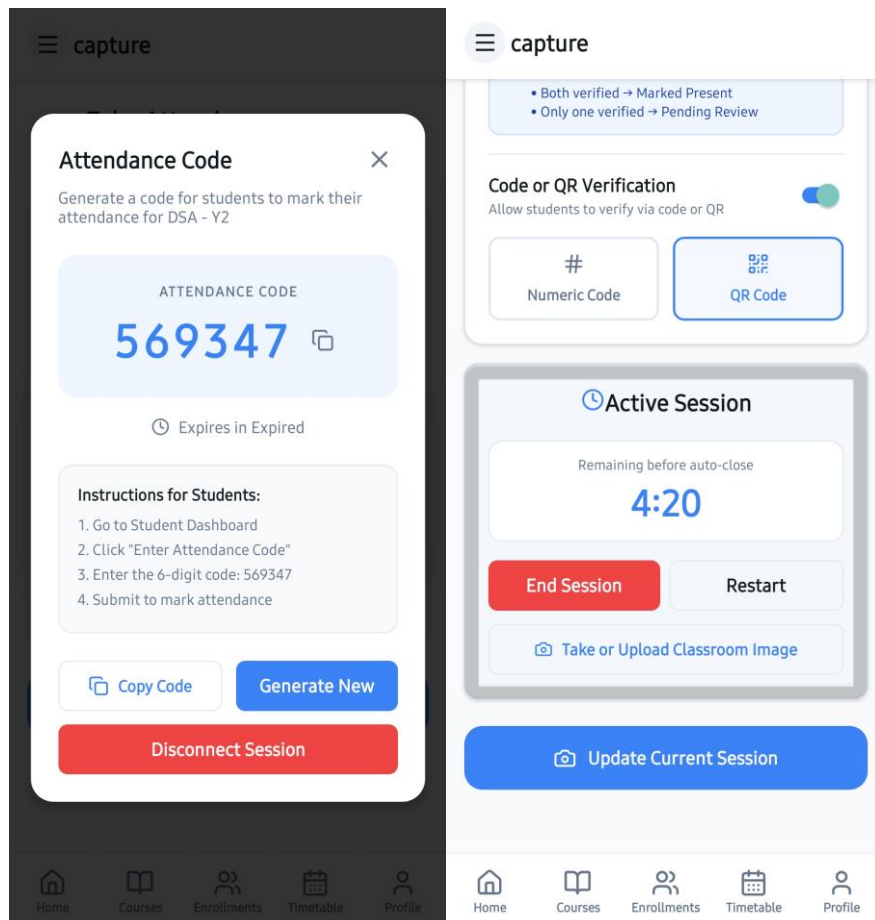

Recommended: Face Recognition + Numeric Code

You also have the option to choose:

1. QR Code along with Face recognition.
2. For a simple attendance taking you can just use Numeric Code or Qr code alone.

Step-4: Now Share the Code or Qr with the Class. Then Click on “Take or Upload Classroom Image”

After Successful Recognition, it displays the list of students who entered the code and recognized as Present.

All the students whose face is not recognized but entered the code is set to “Manual Review” by the professor.
